| <b>Abbreviations and acronyms</b>                                                               | <b>10</b> |
| <b>Foreword</b>                                                                                 | <b>15</b> |
| <b>Executive Summary</b>                                                                        | <b>17</b> |
| <b>1 Introduction</b>                                                                           | <b>27</b> |
| 1.1 Objectives of the situation analysis                                                        | 27        |
| 1.2 Methods and limitations                                                                     | 28        |
| 1.3 Conceptual framework                                                                        | 28        |
| <b>2 The country context</b>                                                                    | <b>33</b> |
| 2.1 Post-conflict economic boom: Angola as an upper middle-income oil producer                  | 34        |
| 2.2 Population and urbanization                                                                 | 36        |
| 2.3 Monetary poverty                                                                            | 37        |
| 2.4 Rural vulnerability and climate change                                                      | 39        |
| 2.5 Governance                                                                                  | 41        |
| 2.6 The legal and policy framework for child rights                                             | 42        |
| <b>3 Equity: To what extent is progress in social and economic development enjoyed by all?</b>  | <b>45</b> |
| 3.1 Comparing Angola's performance to other upper middle-income countries in Sub-Saharan Africa | 45        |
| 3.2 Equity in key outcomes and access to basic social services                                  | 49        |
| 3.3 Conclusions                                                                                 | 53        |
| <b>4 Ensuring children's survival and health</b>                                                | <b>55</b> |
| 4.1 Child and maternal mortality                                                                | 55        |
| 4.2 Child and maternal health care                                                              | 57        |
| 4.2.1 Key interventions                                                                         | 57        |
| 4.2.2 Supply-side bottlenecks: Infrastructure, human resources, and medicines                   | 62        |
| 4.2.3 Health behaviours and demand-side barriers to use of health services                      | 65        |
| 4.3 Child Malnutrition                                                                          | 68        |
| 4.3.1 Under-nutrition and micronutrient deficiencies                                            | 68        |
| 4.3.2 Scaling up an integrated package of nutrition interventions                               | 72        |
| 4.4 Children and HIV/AIDS                                                                       | 75        |
| 4.4.1 Profile of the epidemic                                                                   | 75        |
| 4.4.2 The national response to HIV/AIDS: prevention, treatment and care                         | 75        |
| 4.5 Water, sanitation and hygiene                                                               | 79        |

|                                                                                                                           |            |
|---------------------------------------------------------------------------------------------------------------------------|------------|
| 4.5.1 Use of improved water sources and sanitation facilities                                                             | 79         |
| 4.5.2 Hygiene practices                                                                                                   | 82         |
| 4.5.3 Policy challenges for extending and sustaining coverage                                                             | 82         |
| 4.6 Summary of priority actions                                                                                           | 84         |
| <b>5 Education: Giving children the tools to thrive</b>                                                                   | <b>89</b>  |
| 5.1 Early childhood development (ECD) programmes                                                                          | 89         |
| 5.2 Participation in primary and secondary education: growth and inequity                                                 | 90         |
| 5.3 Literacy and opportunities for 'second-chance' education                                                              | 93         |
| 5.4 Professional and technical education: equipping adolescents to enter the labour market                                | 95         |
| 5.5 Learning achievement and education quality                                                                            | 95         |
| 5.6 Efficiency of the education system                                                                                    | 96         |
| 5.7 The education reform and supply-side bottlenecks                                                                      | 97         |
| 5.8 Lowering demand-side barriers to education                                                                            | 102        |
| 5.9 Summary of priority actions                                                                                           | 103        |
| <b>6 Protecting children from violence, abuse, exploitation, discrimination and social exclusion</b>                      | <b>107</b> |
| 6.1 Profile of vulnerability and risks                                                                                    | 107        |
| 6.2 Building an integrated child protection system of preventive and responsive services                                  | 112        |
| 6.2.1 Social care services                                                                                                | 114        |
| 6.2.2 Birth registration                                                                                                  | 115        |
| 6.2.3 Justice for children                                                                                                | 117        |
| 6.3 Summary of priority actions                                                                                           | 118        |
| <b>7 Addressing child poverty through social protection</b>                                                               | <b>121</b> |
| 7.1 The role of cash transfers in building human capital and reducing poverty                                             | 121        |
| 7.2 Social transfers in Angola                                                                                            | 126        |
| 7.3 Developing and scaling up cash transfer programme in Angola                                                           | 128        |
| 7.4 Summary of priority actions                                                                                           | 131        |
| <b>8 Conclusions and recommendations</b>                                                                                  | <b>133</b> |
| <b>Summary of recommendations</b>                                                                                         | <b>134</b> |
| <b>References</b>                                                                                                         | <b>138</b> |
| <b>Annex A</b>                                                                                                            | <b>143</b> |
